EDUCATION

University of Central Florida (UCF)

Orlando, FL

B.S. in Health Informatics (Major GPA: 3.5), Expected Graduation: Spring 2027

May 2027

Valencia College

Orlando, FL

Associate of Arts in General Studies

Aug 2023

CERTIFICATIONS

Certified Associate in Healthcare Information and Management (CAHIM), HIMSS – 2026

EXPERIENCE

Software Engineer

May 2026 – Present

Statuta Intelligence

Miami, FL

- Founding engineer at a startup building legislative and lobbying intelligence tools.
- Ship full stack features with TypeScript, Next.js, React, and Node.js on PostgreSQL (Supabase).
- Build data pipelines that ingest and normalize legislative and lobbying data for the core product.

Data & Ad Optimization Analyst

Nov 2024 – Jul 2025

AJR Publishing LLC

Remote

- Analyzed sales data and optimized ad campaigns using keyword research and A/B testing.
- Tracked advertising ROI and created sales reports using Tableau.

Sales Associate

Mar 2023 – Jul 2023

Lacoste

Orlando, FL

- Delivered customer service in a luxury retail setting; met sales targets and supported inventory.

Administrative Assistant

Apr 2021 – Aug 2022

Hilton Grand Vacation Club

Orlando, FL

- Checked in approximately 100 guests daily; drafted contracts and processed payments via Authorize.net.
- Collected and safeguarded sensitive information (SSNs); ran credit checks using Experian; prepared weekly payroll reports.

PROJECTS

Kinexis | Python, OpenCV, MediaPipe

Knight Hacks VIII (UCF) - Best App

- **Won Best App** – 1 of 8 winners out of 650+ contestants at UCF's Knight Hacks VIII hackathon.
- Computer vision physical therapy tool using MediaPipe pose detection to measure joint angles and track range of motion in real time.

NeuroView | React, Three.js, WebGL, Nifti

SwampHacks XI (UF) - Best User Design

- **Won Best User Design** at UF's SwampHacks XI hackathon.
- Open-source web-based 3D brain MRI viewer rendering interactive neuroanatomy visualizations via Three.js, WebGL, and Nifti parsing.

Sentinel | Python, Streamlit, Regex

Hackathon Project

- PHI exposure detection tool using a regex library of 40+ identifiers, flagging ~95% of PHI across 500+ test documents.
- Applied HIPAA compliance knowledge and enterprise-grade DLP requirements to score and prioritize data risks.

TECHNICAL SKILLS

Programming Languages: Python, TypeScript, JavaScript, SQL, GDScript, GLSL

Frameworks & Libraries: React, Next.js, Node.js, Three.js, Tailwind CSS, Pygame, Streamlit, pandas, MediaPipe, OpenCV, OpenGL

Healthcare IT: ICD-10, CPT, HCPCS, SNOMED, HL7, FHIR

Tools & Platforms: PostgreSQL, Supabase, MySQL, SQLite, Git, Godot, Linux, PyCharm, Tableau, Render, Vercel

Languages: English (Native), Norwegian (Intermediate – B1)

EXTRACURRICULARS

KnightHacks (UCF Student Tech Organization), Active Member

Summer 2025 – Present

HIMSS (Healthcare Information and Management Systems Society), Student Member

2025 – Present
